

PureWaterCoolerTM

by VERTEX

PureChill-900

Cleaner. Safer. Better.

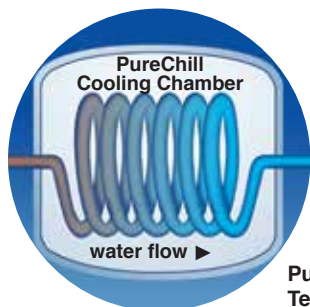

The latest addition to the Vertex family of products brings innovation for safer water with less hassle.

The newest VERTEX **PureWaterCooler** uses **PureChillTM** Technology to eliminate the need for an open reservoir for cold water storage. The closed system keeps environmental contaminants out so there is no need for costly in-tank sanitization. The water is safely dispensed directly to your cup.

PureChill-900

PureChill Cooling Technology
